FIFA represents the definitive soccer experience, and over a 25-year history we have created hundreds of playable leagues, stadiums and kits. What is FUT™? FUT is the official Ultimate Team mode for FIFA, giving you full access to a robust player progression system,

thousands of authentic players and the most exhilarating online team competition in sports games. FIFA Ultimate Team or FUT for short, is a mode in FIFA where you can create your own unique version of the Beautiful Game. The mode is particularly popular in multiplayer mode because it is the only way you can progress your players from FIFA classic mode. In the FIFA World Cup mode, you have a choice between classic authentic teams and a 20-team online tournament where you compete online against players of all over the world. What is the Ultimate Team Experience? In FUT, you are given the choice of developing your team from scratch or simply buying players from the real world. You can also trade real-world players to improve their ratings, and use the in-game currency earned to speed up their development, while reaching new levels of success in a wide variety of play styles, formations and tactics. Within FUT, you'll find the ability to scout and unlock your favourite players. Does FUT use authentic player data? FUT uses real-world player data and ratings. We do make use of all the following types of data; • Global ratings (Base, Game Changing, Game Changing Plus, Game Changing Ultra) • Squad details • Characteristics • Goals, Fouls and Passes • Tactical data • Game statistics from the UEFA Champions League and UEFA Europa League (as standard). FUT also uses real-world player image and likeness and licensing of these images and likenesses are used for educational and non-commercial purposes only. Can I play FUT with friends? FUT is playable in both offline and online mode as part of FIFA 22 on PlayStation 4 and Xbox One. FUT matches are played against random opponents and you can invite anyone on your friends list to FUT matches. FUT matches are

always organised in teams of either 4 or 8 players. To choose your team, simply press Triangle on PS4 or X on Xbox One and select FUT (FIFA Ultimate Team). You can also invite a friend or invite a party of friends (up to 6). We have also made some
