Super Markup Man is an educational puzzle platform game in which you walk around the web of a recently deceased man. Draw boxes around images, hyperlinks, and other elements to build a website. In a series of math-free challenges, you are asked to tag the web page in the best way. However, you will be tested on your knowledge of HTML and not your math skills. Calculator is a physics based bubble arcade game. Create a masterpiece of physics-inspired mayhem in this game, where you can only use the tools of the trade. Use a variety of useful props and explore many different challenging levels. DirectX Gamepad Controller The Sydney Splash Pad is a game controller made for Windows using Microsoft's DirectInput. MiniDAC VST Plugin This is a Windows DAW plugin for using the iLok MiniDAC system (Windows only). MiniDAC GUI The MiniDAC GUI is an easy-to-use application for viewing and managing your iLok MiniDAC system. You can use this to assign secrets to your MiniDACs and retrieve them later. This is a free download for personal use only. MiniDAC MP3 Controller MiniDAC MP3 Controller is an application that allows you to use your iLok MiniDAC MP3. MOV Projector This tool will be your main driver. It will be used to listen for the commands sent from the MiniDAC MP3 and execute those commands. This project also has a second window that will be used to display the data received from the MiniDAC MP3. This project will also be used to send commands to the MiniDAC MP3, however, the MiniDAC MP3 project will not be touched for this one. MiniDAC SBC This is a simple driver for the MiniDAC MP3. It will be a server that will allow the MiniDAC MP3 to accept connections. This will be a command line based tool. Time Of Day Clock New Clock Desk is a software tool for Windows that allows you to create a clock on your desktop. I have already put a few of the picture frames I completed from this course on my gallery here:
