Q: Cloudfront is not distributing files? Does anyone know why cloudfront is not distributing my files? I'm using cloudfront with S3. A: Cloudfront is a complete and independent delivery solution that uses only S3 as a source. This means the origin server needs to be able to serve the files. You can setup a server or, if you need to go with S3, you can use one of the cheap S3-only instances. S3 can serve any type of file (Image, Office document, video,...) Cloudfront supports Custom Origin Domain Name. Flexible SSL Certificate Based on the Site's Trusted Domain Name

"They haven't done a very good job of hiding their agenda." A CNN producer is under fire after a promo for her new show, Uppered, which airs Sunday on the cable network, uses the Latin phrase "ab ludeo" ("from the Jews"), a designation that some critics say is offensive. "It might be the most important fight you'll ever watch," the promo, which is only available on the network's YouTube channel, says, adding that the phrase will be used in the new show's segment on the synagogue shooting in Pittsburgh last October. According to Lidija Ivanova, co-host of Uppered, the phrase is a reference to Roman Catholic Cardinal George Pell,
